

THE SAN FRANCISCO-OAKLAND BAY BRIDGE SEISMIC SAFETY PROJECTS

CALTRANS

BAY AREA TOLL AUTHORITY

CALIFORNIA TRANSPORTATION COMMISSION

NOTICE TO BOATERS PASSING BENEATH THE BAY BRIDGE

Due to construction work underway on the Eastern Span of the Bay Bridge, boaters are advised to pass under the bridge west of Yerba Buena Island.

Watercraft traveling under the Bay Bridge east of Yerba Buena Island should use a temporary channel located east of the construction zone.

Use extreme caution and slow speeds when transiting this minimum wake zone.

For bridge conditions, boaters may contact the Contractor:
American Bridge/Fluor at (510) 759-1325
or via VHF-FM Ch16.

For more information on the San Francisco-Oakland Bay Bridge Seismic Safety Projects, contact the Public Information Office at (510) 286-7167 or visit our web site ***BayBridgeInfo.org***
